

Rescue Systems Life-Link

The Lalizas life-link Man-Overboard Rescue system is designed to be permanently mounted to the pushpit in it's own soft, easy clean PVC bag. The kit contains 50m of floating line attached to a sturdy buoyant PVC life-sling and a personal retaining clip for added safety. Deployment is achieved by removing the life-link, attaching the floating line to a secure point and throwing astern. Once in the water the boat should circle the casualty allowing the life-link to be towed to their aid. Rescue is completed when the casualty is safely clipped into the life-link, winched to the boat and hauled on board.

Code....20440

Contents:

- Rail mounted PVC storage bag
- 50m floating line Soft PVC
- Life-link with webbing strap

How to retie the knot to the Life-link

1. Put the line through both D-rings and hold steadily the short end. Make a loop with the long end and pass through it the short rope

2. Then pass the same end under and around the long part and through the loop again

3. To fasten pull together from points A and B

Procedures for repacking the Life-link MOB

1. To repack the line: Leave 50cm of line outside the bag. Hold with your right hand

2. Measure another 50cm and fold the rope in two to create a "U" shape. Place the folded rope in the inside pocket of the bag

3. a. Holding the line going to the Life-link with the right hand, start gathering it creating a zig-zag. The width of the zig-zag should be approx. 20cm.

b. Continue in the same way, until enough line is collected in your hand

4. Place this in the inside pocket gently. Repeat step 3 until all the line is gathered in the pocket in an orderly fashion

1. Deploy M.O.B. system astern circle casualty until contact is made

2. Confirm casualty is secured in M.O.B. Before rescue is attempted

3. Winch casualty slowly to the boat

4. Haul casualty on board.

"Life link" Jacklines

These Jacklines, otherwise called jack stays, will keep you securely on board without hindering your freedom of movement. Made of 25mm durable, UV-resistant Polyester strap, the 'Life-link' Jacklines feature two loops to attach it to the boat. Available in yellow colour and five sizes from 6m, to 10m.
